Oakland, CA 94612-2530

Re: California Coastal Trail/Bayshore Bikeway Grant

Dear Chairman Bosco:

I am pleased to lend my support to the San Diego Association of Governments' application for \$2.5 million in Proposition 84 funds to construct improvements to the California Coastal Trail (CCT) and Bayshore Bikeway in National City and San Diego.

The Bayshore Bikeway, which was designated part of the CCT in 2010, is a 24-mile class-I bicycle and pedestrian path envisioned to surround San Diego Bay. SANDAG's proposed project will complete a major segment of the bikeway, which encompasses my district and is an excellent opportunity for state, regional, and local agencies to collaborate to achieve common goals for improved coastal access.

This section of the Coastal Trail and Bayshore Bikeway will also improve connections to significant bayfront employment sites, such as the Naval Station San Diego and General Dynamics NASSCO. Providing better opportunities for people to choose a nonpolluting travel option for their daily commute is one of the ways we can help California meet its greenhouse gas reduction goals. It also improves public health by supporting people who make the healthy lifestyle choice to be physically active.

I appreciate your consideration of SANDAG's application and encourage your support for this valuable project.

Sincerely,

A handwritten signature in blue ink that reads "David Alvarez".

Re: California Coastal Trail/Bayshore Bikeway Grant

Dear Mr. Bosco:

As the County Supervisor representing the First District of San Diego County, it is my pleasure to write in support of the San Diego Association of Governments' application for \$2.5 million in Proposition 84 funds to construct improvements to the California Coastal Trail and Bayshore Bikeway in National City and San Diego. This is an excellent opportunity for state, regional, and local agencies to collaborate to achieve common goals for improved coastal access.

This section of the Coastal Trail and Bayshore Bikeway will serve multiple functions. It will provide improved recreational access to San Diego Bay for people on bicycles or on foot, while also improving connections to significant bayfront employment sites like Naval Station San Diego. Providing better opportunities for people to choose a nonpolluting travel option for their daily commute is one of the ways we can help California meet its greenhouse gas reduction goals. It also improves public health by supporting people who make the healthy lifestyle choice to be physically active.

I appreciate your consideration of SANDAG's application and encourage your support for this worthwhile project.

Sincerely,

GREG COX
Supervisor, First District

Re: California Coastal Trail/Bayshore Bikeway Grant

Dear Mr. Bosco:

As Mayor of Chula Vista, I support the San Diego Association of Governments' (SANDAG's) application for \$2.5 million in Proposition 84 funds to construct improvements to the California Coastal Trail (CCT) and Bayshore Bikeway in National City and San Diego. With the proposed Conservancy grant funding and matching funds already identified for this project, SANDAG will have the funds necessary to complete a major segment of the bikeway. This is an excellent opportunity for state, regional, and local agencies to collaborate to achieve common goals for improved coastal access.

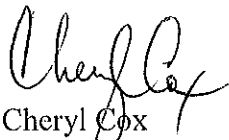

This section of the Coastal Trail and Bayshore Bikeway will serve multiple improvements:

- recreational access to San Diego Bay for bicyclists;
- connections to significant bayfront employment sites such as Naval Station San Diego, and
- better opportunities for non-polluting travel options for daily commutes.

Funding will help California meet its greenhouse gas reduction goals and will improve public health by supporting people who make the healthy lifestyle choices to be physically active.

I appreciate your consideration of SANDAG's application and encourage your support of staff's recommendation to approve this grant.

Respectfully,

Cheryl Cox
Mayor

RE: California Coastal Trail/Bayshore Bikeway Grant

Dear Mr. Bosco:

As Mayor of the City of Coronado, I am happy to write in support of the San Diego Association of Governments' application for \$2.5 million in Proposition 84 funds to construct improvements to the California Coastal Trail and Bayshore Bikeway in National City and San Diego. This is an excellent opportunity for state, regional, and local agencies to collaborate to achieve common goals for improved coastal access.

This section of the Coastal Trail and Bayshore Bikeway will serve multiple functions. It will provide improved recreational access to San Diego Bay for people on bicycles or on foot, while also improving connections to significant bayfront employment sites like Naval Station San Diego. Providing better opportunities for people to choose a nonpolluting travel option for their daily commute is one of the ways we can help California meet its greenhouse gas reduction goals. It also improves public health by supporting people who make the healthy lifestyle choice to be physically active.

I appreciate your consideration of SANDAG's application and encourage your support for this worthwhile project.

Sincerely,
